### SUMMARY OF TABLES

The TABLES are designed to provide information on the monies spent by political committees and persons other than political committees during 1985-86 for communications made expressly to advocate the election or the defeat of a clearly identified Federal candidate, but which were not made with the cooperation of, or in consultation with, the candidate or his/her agents or authorized committees. The EXPLANATION OF INFORMATION provides detailed definitions of columns and explanations of organization; it should be used in conjunction with the TABLES.

TABLE A, "SUMMARY LISTING OF INDEPENDENT EXPENDITURES, ARRANGED ALPHABETICALLY BY FILER NAME," displays the total amount of a filer's independent expenditures advocating the election of particular candidates followed by the total amount advocating the defeat of particular candidates. A grand total of costs supporting all candidates is given at the end of the TABLE, as is a grand total of opposition monies. Any reader interested in the details underlying a filer's total independent expenditures concerning a particular candidate (e.g., the dates on which the expenditures were made) should consult the candidate's section in TABLE B.

TABLE B, "DETAILED LISTING OF INDEPENDENT EXPENDITURES, ARRANGED ALPHABETICALLY BY CANDIDATE NAME WITHIN OFFICE," displays for each candidate the specific details of independent expenditures advocating his election or defeat made by political committees and persons other than political committees. Subtotals of independent expenditures supporting all Congressional, all Presidential, and all Senatorial candidates are given at the end of the TABLE, as are analogous subtotals of expenditures advocating defeat.

### III

#### EXPLANATION OF INFORMATION

This section explains the information that appears in the TABLES and, where appropriate, the significance of the information. Categories defined in this section are listed in the order in which they appear in each TABLE. Readers are encouraged to consult this section regularly as they use in index.

##### TABLE A - SUMMARY LISTING OF INDEPENDENT EXPENDITURES, ARRANGED ALPHABETICALLY BY FILER NAME

This TABLE presents summary information on the independent expenditures made by political committees and persons other than political committees. The information is arranged in alphabetical order by the name of the filer.

##### FILER INFORMATION:

The name of the political committee or the name of the person is given. The filer's type is indicated (e.g., non-party political committee or independent expeditor person other than political committee). Also given is the identification number which the Federal Election Commission has assigned to the filer (C.....).

##### INFORMATION CONCERNING CANDIDATES SUPPORTED BY A FILER:

The Federal candidates whose election the filer has advocated are shown first.

Candidates for the U.S. House of Representatives are shown first and are arranged in alphabetical order by name. Presidential candidates are listed next, followed by Senate contestants.

A two letter abbreviation of the name of the state in which a House or Senate candidate ran is given.

A three letter abbreviation of the name of a candidate's party is shown. The abbreviations have the following meanings:

DEM or DFL = Democratic

Democratic candidates are 1) incumbent Federal officeholders who are identified as Democrats (in the case of members of Congress by membership in the Democratic caucus) or 2) candidates whose most recent participation in a state's election procedures has been within the candidate selection process of the Democratic party or 3) candidates who have declared that they are Democrats on their Statement of Candidacy.

### III

#### EXPLANATION OF INFORMATION

REP = Republican

Republican candidates are categorized in the same fashion.

Other than DEM/DFL or REP = Other party

Other party candidates are those who have participated or declared as other than major party standardbearers or those whose party affiliation cannot be determined.

Given next is the total amount which the filer spent on independent expenditures advocating the election of a candidate.

The nine digit identification number which the Federal Election Commission has assigned to a candidate completes the information given for a candidate.

The information on candidates supported by the filer is summarized by the presentation of a total figure, the total amount of all independent expenditures for all the candidates previously listed.

#### INFORMATION CONCERNING CANDIDATES OPPOSED BY A FILER:

The Federal candidates whose defeat the filer has advocated are shown next.

The information is presented in the same fashion as the just described data on candidates supported by the filer.

The information on candidates opposed by the filer is summarized by the presentation of a total figure, the total amount of all independent expenditures against all the candidates listed in this subsection.

#### TABLE B - DETAILED LISTING OF INDEPENDENT EXPENDITURES, ARRANGED ALPHABETICALLY BY CANDIDATE NAME WITHIN OFFICE

This TABLE present detailed information on the specific amounts of independent expenditures which advocated the election or the defeat of a particular Federal candidate.

Candidates for the U.S. House of Representatives are shown first and are arranged in alphabetical order by name. Presidential candidates are listed next, followed by Senate candidates.

### III

#### EXPLANATION OF INFORMATION

##### CANDIDATE:

The name of the candidate is given first.

For a House candidate the Congressional district in which he ran is shown.

The candidate's party is given next. The following rules have been used:

Democratic or Democratic-Farmer-Labor -- Federal officeholders who are identified as Democrats (in the case of members of Congress by membership in the Democratic caucus) or 2) candidates whose most recent participation in a state's election procedures has been within the candidate selection process of the Democratic party and 3) candidates who have declared that they are Democrats on their Statement of Candidacy.

Republican -- Republican candidates are categorized in the same fashion.

Other than Democratic (Democratic-Farmer-Labor) or Republican -- Other party candidates are those who have participated or declared as other than major

party standardbearers or those whose party affiliation cannot be determined.

Shown next, for House and Senate candidates, is the state in which the candidate ran.

The nine digit identification number which the Federal Election Commission has assigned to the candidate completes the identifying information given for him.

##### FILERS:

The political committees and persons other than political committees making independent expenditures are presented in alphabetical order by name.

Following the name of a filer is the identification number which the Federal Election Commission has assigned to it (C.....).

Given is the name of the report in which a filer disclosed an independent expenditure. The amount of that cost is shown, together with an indication of whether the expenditure advocated the election or the defeat of the candidate. The date on which the expenditure occurred is given, as is the microfilm location where the original report may be found.

### **III**

#### **EXPLANATION OF INFORMATION**

##### **SUBTOTALS AND TOTAL FOR A CANDIDATE:**

The subtotal of all independent expenditures which advocated the defeat of the candidate is given. Also shown is the subtotal of all supporting independent expenditures. Finally, the total amount of independent expenditures concerning the candidate is displayed.
