v.

Montanans Against Corruption PAC
317 E Spruce St.
Missoula, MT 59802

Respondent

This complaint is filed in regard to the Montanans Against Corruption PAC distribution of literature (see below) in Missoula County, Montana. On Sunday, October 30, 2022, a vehicle was spotted leaving literature on vehicles at CrossPoint Church during a church service. Upon returning to their vehicles, attendees found the following cards left on their windshields.

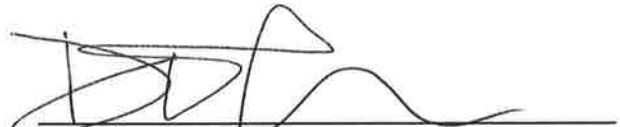

Per FEC rules, "When PACs make independent expenditures that aggregate \$1,000 or more during the 24-hour reporting period with respect to a given election, they file a 24-hour report using Schedule E of Form 3X. The 24-hour reporting period is for independent expenditures that are made after the 20th day, but more than 24 hours, before the day of an election. The FEC must receive the 24-hour report within 24 hours after the communication is publicly distributed or

otherwise publicly disseminated." The Montanans Against Corruption PAC has failed to report any raising or spending since their filing on 7/14/2022.

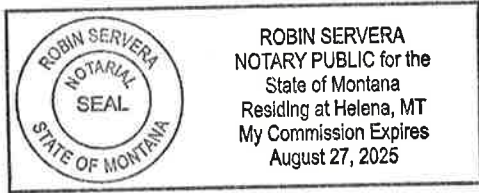

Further, the Montanans Against Corruption PAC misappropriated the Montana Republican Party name and logo for use in this literature. This literature was not affiliated in any way with the Montana Republican Party.

We respectfully request a full investigation of these potential violations.
