Dear Christal,

I write to ask that the Commission consider the response to MUR 8091 on March 31, 2023, not only from Beth Harwell, but also from Beth Harwell (House 18) and Tennesseans for Good State Government (referred to in the complaint as Harwell PAC).

Thank you for your consideration.

Sincerely,
Chris Marston

Chris,

I am sorry to keep emailing you but can we get something in writing that says your response was also on behalf of the Beth Harwell (House 18)) and Harwell PAC aka Tennesseans for Good State Government? The case is going before the Commission and they want to make sure they are covered incase they are asked. Thank you for your time and assistance, I appreciate it.

Best,

Christal

Yes. My response covered the state committees too.
