Federal Election Commission

UNITED STATES ELECTION
COMMISSION
OFFICE OF GENERAL
COUNSEL

Gentlemen,

2004 APR -7 A 10:35

If I understand the proposed rules change correctly, its the worst possible idea. Expression of ideas is what democracy depends on.

Yes we all get tired of trash hauled out to the public before every election. We have to trust people to think before they vote.

Please don't violate the principle of free speech.

Sincerely,

J. Fullin
