OFFICE OF THE CLERK  
April 2, 2004

Dear Mrs. Mai T Dinh  
Acting Asst. General Counsel FEC

APR -7 A 10:39

I am writing to express my opposition to proposed new rules by the FEC relating to non-profit organizations who communicate with the public in a manner critical of Pres. Bush and members of Congress running for office. The proposed rules also affect non-profits who advocate defense immigration reform, the environment, civil rights etc and classifies them as political committees with the intent of financial restrictions to hamper their right to influence the public as they, the non profits, have in the past.

I strongly object to the  
FEC crackdown efforts  
to deny non profit activity  
in the democratic processes  
of the past. I do not believe  
the FEC has authority to  
regulate the non profits.  
I urge you to ask your  
agency to reconsider the  
proposed rules and to drop  
your efforts to release them.

Sincerely,  
Kenneth Johnson
