I am writing this letter in regard to a proposal of the Bush Administration regarding the rights of Non-Profit organizations. One thing I love about this country is our Rights to Freedom of speech & assembly. I feel that by making it illegal for Non-Profits orgs. to speak out in their opinion of govt. officials and candidates, our rights would be alienated. There are very limited ways for citizens to get real information about politicians, with the Mass Media being bias, in my opinion. Non Profits like Moveon.org are a great outfit of information for those who do not find other media outlets satisfactory. Please do not deny us these important outlets of information. How are we to decide if a candidate is really qualified to lead, when we aren't allowed to hear negative opinions from Non-profits??

Please! Do not let this happen!

Thank you,
Rachel Thompson
