The FEC Now Takes Visa and Mastercard

FEC customers can now pay for FEC materials with Visa or Mastercard. Most FEC materials are available free of charge, but some are sold, including financial statistical reports (\$10 each), candidate indexes (\$10) and PAC directories (\$13.25). The FEC also has a 5¢ per page copying charge for paper documents and a 15¢ per page copying charge for microfilmed documents.

Paying by credit card has its advantages. For instance, since the FEC will not fill an order until payment is received, using a credit card speeds delivery by 4 to 5 days.

Visitors to the FEC's Public Records Office will also be able to make payments by credit card. Regular visitors, such as researchers and reporters, who in the past have paid for FEC materials out of their own pockets, may now make payments with a company credit card.

The new credit card payment system also reduces costs and paperwork associated with check processing, enabling FEC staff to better serve the walk-in visitor.
