CORRECTION:

A Federal Election Commission release, "Presidential Campaigns Cited For Failing to File Disclosure Report" (October 2, 1992), incorrectly stated that the Kerrey For President Committee did not file a September monthly disclosure report by October 1, 1992. The report, which was due on September 20, was received at the FEC on September 30, ten days past the due date, and one day prior to the publication notice.
