FEC RELEASES YEAR END FEDERAL PAC COUNT

WASHINGTON -- The total number of federally registered political action committees (PAC's) increased from 4,025 to 4,210, according to a semi-annual survey taken December 31, 1993, by the Federal Election Commission.

Corporate PAC's remained the largest category with 1,789 committees, followed by non-connected, 1,121; trade/membership/health, 761; non-connected, 1,121; cooperative, 56; corporation without stock, 146.

Non-connected PAC's, which are not candidate or party committees, must register and report to the FEC when financial activity exceeds \$1,000 during a calendar year. Connected PAC's must register when established.

Registration does not necessarily imply financial activity. Many PAC's report making no independent expenditures or contributions to candidates. Financial information on PAC's will be included in future FEC press releases.
