Response from Andrew Gillum for Governor

Hi,

I am writing to respond to a complaint that I have received in regard to "The Patriots Foundation" and against Andrew Gillum. First I would like to list a couple of facts:

- 1) I did not become Treasurer of this campaign until after August 28, 2018
- 2) I have not readily located a contribution from Candide Group LLC
- 3) I have not readily located a contribution from Aner Ben-Ami
- 4) Exhibit 3 embedded within the complaint looks like an independent communication or even a coordinated effort. An admission of endorsement does not always result in a direct contribution.

While I am only responding to the complaint with the facts that I can provide about the matter, I am not sure what is completely required of me aside from responding.

Thank you.
