Hi Kathryn,

Thank you for this. I wanted to follow up and see if the commission could give us an additional 20 day extension on this. As you may have seen, following the runoff, the candidates are 20 votes apart, and all eyes are on that process and a potential recount. Once we've gotten through that process, we'll have more availability to work on this response. Please let me know if this can be granted.

Very truly yours,
