Also included in the expenses were payments made to Eagle and Sword Consulting LLC, an LLC just formed a few days before Mills reportedly gave them money. FEC Form 3 shows the reporting.

13. Mills continued to file Notarized documents with the State of Virginia saying that he was a resident and was residing in McLean, Virginia during his Florida Campaign and after he was sworn in to Congress. These documents can be found at the Fairfax County Clerk of the Court and on the Virginia State Corporation Commission Website.

14. Mills is continuing to tell voters that he served in Iraq for 7 years and in Afghanistan for 3 years and was a combat veteran in these two countries knowing that it is false. While campaigning Mills also claims that he worked for Federal Government Agencies for five years when in fact he

did not. Mills claims that he worked for the Trump Administration and lost his job and that's why he had to sell his house knowing that that was a false statement. He told voters that he bought a house in New Smyrna when in fact he did not. Video made at a Hob Nob.

15. Mills filed two Congressional Financial Disclosure reports in 2023. The first one in January 2023 which was months late and the second one which was filed in May 2023. There are many discrepancies between the two regarding his cash assets on hand, his salary, his reporting of assets and lack of, and his lack of reporting on liabilities.
16. Public records show that Cory Mills had three different Mechanics liens filed against him and his LLC business. One in Florida (\$199,000) on his LLC and two in Virginia (\$49,000 and \$194,800) one on his residence and one on his LLC in Falls Church. These Liens are in the Public Records of Taylor County, Florida and Fairfax County, Virginia.
17. Public records also show that Cory Mills and his Wife have several Federal IRS filed against them and his wife has a Virginia Tax lien filed against her. These Tax liens amount to around \$900,000 and are filed on his LLCs and himself. These liens are filed in the public records of Virginia.
18. In addition to the WAYGAR CAPITAL INC, Toronto, Canada loan, that Mills obtained in May 2021, he also has a Promissory Note owed to National Presto Industries for over \$2,800,000 which is still owed. See SEC records of Form 10-K filings.
19. For his Last FEC Form 3 filing for the 3rd Qtr 2023 Mills reports to owe his Campaign vendors \$368,743. His claimed loan to his Campaign now totals \$1,898,900. His WAYGAR Capital Inc loan has a debt owed of over \$10 million dollars for which he personally signed for and now claims he is not a businessman anymore. He claims he earns his money from Federal contracts.

PREVIOUS COMPLAINT (with updates)

1. This complaint contains more information on the illegal use of campaign expenditures and alleged use of foreign funds thru loans to LLCs that were then funneled to the Mills Campaign, amongst other acts of fraud. Cory Mills, who was recently elected to represent Florida's Seventh Congressional District, actively deceived the public throughout the 2022 election by fabricating his Army service, his Employment history, his multiple LLCs he filed in Virginia and Florida, obtaining Loans from the SBA program, obtaining Foreign Loan(s), making questionable Campaign Expenditures, claims of on-line degrees, and his State of residency. Mills also appears to have violated federal campaign finance laws by knowingly and willfully concealing the true sources of his campaign's funding, misrepresenting how his campaign spent its money, and illegally paying for personal expenses with campaign funds.

2. The Commission should thoroughly investigate what appear to be equally brazen lies about how his campaign raised and spent money.

3. Mills purported loaned his campaign \$1,848,900 during the 2022 election. But it is far from clear how he could have done so with his own funds, because financial disclosure reports indicate that Mills had only \$115,000 to \$315,000 to his name in 2021, and according to his most recent Financial Disclosure Report filed May 2023 he had only \$100,000 to \$200,000 of his own funds, and his claims of having earned hundreds of thousands of dollars in 2021 and 2022 from a supposed consulting business that he had reinstated in March 2018, Pacem Solutions International LLC, are vague, uncorroborated, and non-credible considering his many contradicting statements and false filings on record.

4. Mills also personally signed loans with a High-Risk Foreign Lender in 2019 and 2021. Mills has also personally signed 2 loans in 2018, 2 loans in 2019 and 2 loans in 2021.

5. The IRS attached a Tax lien on Mills LLC called Pacem Solutions International LLC for \$111,815 in 16 June 2021 and again the IRS filed another Tax lien on 24 Feb 2022 for \$592,27 on Mills LLC as he reports on his Federal Taxes. Mills claimed 100 percent ownership on his State filings.
6. Mills continually maintained his residence in Virginia during the 2022 campaign. In March 2021 Mills went to a Department of Motor Vehicles (DMV) in Jacksonville, FL to get a Florida Driver's license and while he was there, he immediately signed up to register to vote as a resident of Florida using a person's home who was known as one of his "employees." The home is a tiny 1,000 square foot house with 3 bedrooms, 1.5 bath bungalow, 120 miles far away in Winter Park, Florida, where 3 voting age adults were already living in at the time as his new Florida place of residence. A few days later on, April 1st, 2021 Mills filed his FEC Form 1 and FEC Form 2 with the Commission. During the campaign Mills paid the owner and occupants of the home several times for "Memo items" from his campaign funds. Mills then used another location in another city from where he donated money to another candidate using another location without a specific address unit number in Orlando. He also used the vague location to sign a candidate petition form which was when presented to the Orange County, Florida Elections office for verification, was rejected for an invalid address and the Elections Office then sent a notice to the address that Mills used and it came back to the Elections office as undeliverable in May 2022. Mills also used the fake address as his location to file his Florida Federal Candidate Oath from (June 10, 2022). Mills then after that filing within a few days, June 27, 2022, moved into a fully furnished Vacation Beach Rental rented from a Beach Rental Property Management company in New Smyrna Beach, FL. He vacated the rental but during the entire 2022 election cycle Mills still resided in McLean, Virginia as evidenced by Virginia Corporation Commission Filings, loans signed on occupied residence, vehicle tags, bills, property tax notices, business, etc.
7. Mills used a fake business address in downtown Perry, Florida to file Florida LLC filings. He also continued to use the fake place of business on the loans that he signed for his LLCs and he continued to use the fake address for more State filings afterwards.
8. An audit of his LLC companies should be done from 2014 thru 2022 as to where the source of over \$11 to \$16 million came from after he started an LLC from in a 1-bedroom rental apartment in mid-March 2014 in Arlington, VA and then in July 2015 he moved the principal place of business to a 3

bedroom Townhouse owned by others in Chantilly, VA. In 2018 after he had to get his LLC reinstated by the Virginia Corporation Commission, Mills moved to a small rented Office Suite on the 5th floor of a commercial building in Falls Church, Virginia, with according to reports may have had 8 employees.

9. From the small noncommercial locations, by 2018 Mills, had enough money to purchase a \$4.7 million home without a recorded mortgage and a few months later a \$10 million-dollar Company and divided the land that it was on with a \$5.5 million dollar purchase according to the Deed filed in Taylor County, Florida. Then in just 2 years he has another \$1.8 million plus of cash to loan his Congressional Campaign without reporting any liabilities on his Congressional Financial Reports that he filed in May 2021 and in January 2023.

10. In May 2020 Mills moved his 5th floor office to the 3rd floor of his rented space after receiving two PPP loans with a Virginia Bank in 2020, one for his Pacem Solutions International LLC in Virginia and one for the AMTEC Less Lethal Systems, Inc. (now named ALS, Inc) which is based in Florida and not in Virginia. Updated information found on the Wisconsin DFI website shows that ALS, Inc is a Wisconsin Domestic Company instead of Florida. There is no address and Joseph Schmitz filed the name change in 2021 and in Florida in 2022. There Florida location a shown as a Foreign For-Profit Corporation. Mills currently rents the small 3rd floor suite in Falls Church, Virginia when he lists himself as the Registered agent, resident of Virginia (Note that in April 2023 Mills made his wife the Registered Agent and Virginia Resident on the LLC with him) and as the Chair (owner) of the LLCs that he filed in Virginia and Florida. According to Federal websites and commercial websites that track all contracts and subcontracts awarded to these companies from Government entities it raises many questions as to where his huge sum of money came from in such a short period of time. Contracts with AMTEC Less Lethal Systems fell sharply after Mills took over as Chairman. Two employees were killed in an explosion in the facility in 2018 just a few months before Mills became Chairman. OSHA issued the company with a huge fine in March 2019 of \$188,290 to AMTEC Less Lethal Systems, Inc dba Pacem Solutions International LLC.

11. And moreover, Mills has embellished and lied on his campaign literature, campaign website and

See Cory Mills Expenditures <https://www.fec.gov/>

LinkedIn profiles about his Army record, medals (lack thereof), parachute jumps, length of service, job, deployments, and his so-called service with the State Department, USAID and JSOC service, the size of his company, number of employees, etc.

12. As set forth below, the overall circumstances indicate that unknown individuals or corporations may have illegally funneled money to Mills' campaign through newly formed LLCs in 2018 and thru loans obtained from a Foreign High-Risk lender called WAYGAR Capital, Toronto, Canada. And use of a Small Business Administration loan made under the Export Program. And use of money earned from government contracts and foreign entities/countries.

13. In addition, Mills' campaign appears to have falsified its disclosure of disbursements. Accordingly, there is reason to believe Mills' campaign deliberately falsified its disbursement reporting.

14. Moreover, some of the reported disbursements made by Mills' campaign appear to violate federal laws prohibiting the conversion of campaign funds to personal use, including disbursements to pay "rent" on a candidate's personal places that he frequented as his room in the Central Florida area. Luxury travel and hotels, etc.

15. This complaint is filed pursuant to 52 U.S.C. § 30109(a)(1) and is based on information and belief that respondents violated the Federal Election Campaign Act ("FECA"), 52 U.S.C. § 30101, et seq. "If the Commission, upon receiving a complaint . . . has reason to believe that a person has committed, or is about to commit, a violation of [FECA] . . . [t]he Commission shall make an investigation of such alleged violation."

FACTUAL BACKGROUND

16. Mills for Congress (the "Mills campaign") is the principal campaign committee of Cory L Mills ("Mills"), a candidate for the U.S. House of Representatives in Florida's Seventh Congressional District during the 2022 election cycle, and who won his election in November 2022. The Mills campaign first registered with the Commission on April 1st, 2021, with Steven Martin, P.O Box 30844 Bethesda, Maryland 20824 as its treasurer. The Mills campaign used a UPS store in a shopping mall

52 U.S.C. § 30109(a)(2) (emphasis added); see also 11 C.F.R. § 111.4(a).

as his mailing address for his campaign and he also used it as his origin of his loans he made to his campaign. PMB 288,501 N Orlando Ave, Suite 313, Winter Park, Fl 32789.

17. In his initial personal financial disclosure filing with the House of Representatives on May 7, 2021, Mills reported two sources of income, \$100,000 in rent on 4700 Providence Rd, Perry, FL property, and an income of \$500,000 from his Pacem Solutions International LLC.

18. Mills reported financial situation had changed dramatically two years earlier and then 2 years later. In his January 9, 2023 financial disclosure report, Mills reported that he only earned \$312,000 in the preceding year (2021) and \$578,000 in the year 2022.

19. Mills reported that the value of the Pacem Solutions International LLC was between \$1,000,001 and \$5,000,000. Mills also stated that he had between \$115,000 and \$315,000 in bank accounts in May 7, 2021 and on his January 9, 2023 financial disclosure report, Mills reported that he had only \$100,000 to \$200,000 in his bank accounts.

20. Mills did not report any liabilities on his financial disclosure reports including his LLC liabilities for his loans, as required by disclosure rules issued by the House of Representatives' Committee on Ethics.

21. Mills has made multiple conflicting statements regarding the business purpose and ownership of Pacem Solutions International LLC, which was re-instated in Virginia in March 2018.

22. The LLC's tax election status for federal and state tax purposes is not known. However, the IRS placed two Tax Liens on his property, one in 2021 and another one in February 2022. On his campaign website, he described the Pacem Solutions International LLC as "security and risk management services." When he filed for the Pacem Solutions International LLC he was the Sole Manager. As of November 30, 2023 he still is listed as the Sole Owner per Virginia Records.

23. In a Politico interview, Mills offered fabrications regarding his background, Mills stated that *"as soon as he left the Army and he went right out and started a company that provided products for law enforcement."* The fact is that Mills left the Army as a medic in August 2003, worked as a security guard for various companies for 10 years and did not appear on the AMTEC Less Lethal Systems, Inc, (company was already in existence making law enforcement products) Corporate filings

See OPMWIRE article <https://opmwire.com/waygar-capital-ninepoint-canadian-senior-debt-fund/>

until 16 November 2018 as the new Chairman along with other members. Note that Mills does not include that specific Florida Company on his Financial Disclosure Reports, yet a business tax license is paid on it in Perry County, Florida and Mills has personally signed loans for mortgagor for assignments of the company which are filed on record in Fairfax, Virginia and in Taylor County, Florida. Mills also claims in his campaign literature and web site that he co-founded AMTEC Less Lethal Systems, Inc when in fact he knew that was a lie. He also falsely claims in his campaign literature that he created 100s of jobs in Florida when he knew that was a lie. On one piece of Campaign literature he claimed he was a retired Army SGT when in fact he was not.

24. Prior to 2018 Mills was working out of a 3-bedroom townhouse in Chantilly, Virginia in a place owned by others. And prior to that when he first filed for the Pacem Solutions International LLC he was doing it out of a one bedroom, one bath apartment in Arlington, Virginia. Mills had a IRS Federal Tax lien filed against him in 2017 in Duval County Florida (Prior to that one he had two other Federal Tax liens totaling \$24,000 for taxes not paid). Mills also had HOA fines, HOA Lawsuit, Foreclosure lawsuit filed against him in Duval County, Florida. Mills still maintains his Virginia Registered Agent (RA) designations with it to this day (**Note Mills changed his RA to his wife in April 2023 but remains the Sole member of the LLCs**).

25. During his campaign for Florida's Seventh Congressional District during the 2022 election cycle, Mills had reported loaning his campaign committee a total of \$1,848,900 (More than his reported income and savings at the time). The chart below summarizes all of Mills reported personal loans to his principal campaign committee:

04/07/21	500
06/08/21	1000
06/30/21	200000
09/30/21	290000
12/31/21	150000
03/31/22	17400
03/31/22	25000
03/31/22	100000
06/22/22	500000
07/27/22	125000
08/01/22	125000

GRAND TOTAL \$1,848,900

Note that the WAYGAR CAPITAL INC loan out of Toronto, Canada was signed on May 28, 2021.

26. During the 2022 election cycle, the Mills campaign reported disbursements of \$7,103.93 to "Derick Augustin" of 973 Wilma Ave, Winter Park, Florida for ""see memo items" as set forth in the table below:

Recipient		Description	Date	Amount
AGUSTIN, DERICK	FL	SEE MEMO ITEMS	9/23/2022	\$3,708.09
AGUSTIN, DERICK	FL	SEE MEMO ITEMS	5/25/2022	\$513.36
AGUSTIN, DERICK	FL	SEE MEMO ITEMS	4/6/2022	\$269.97
AGUSTIN, DERICK	FL	SEE MEMO ITEMS	2/28/2022	\$390.21
AGUSTIN, DERICK	FL	SEE MEMO ITEMS	1/25/2022	\$171.96
AGUSTIN, DERICK	FL	SEE MEMO ITEMS	10/21/2021	\$224.73
AGUSTIN, DERICK	FL	SEE MEMO ITEMS	10/13/2021	\$1,825.61

Total Expenditures \$7,103.93

Note that Derick Augustin was given another \$13,524.56 for expenses in the 1st Qtr of 2023 also.

27. Mills claimed the home of Derick Augustin at 973 Wilma Ave., Winter Park, Florida as his place of residence in Florida in order to register to vote in Florida and to run for U.S. Congress in Florida. Mills had no other reason to move to Florida especially since his spouse and child still lived in a mansion in McLean, Virginia and was claiming he was "rooming" with one of his "employees". And it looks like for his services Mills paid Derick Augustin money out of the Mills Campaign account several times. The home was never rented out and 5 young children lived in the home with their parents.

28. Contrary to the reported purposes for these expenditures, however, Mills, himself put himself as living somewhere else in Orlando in a high rise at the "260 S Osceola Ave" location. He used the vague, nonspecific address on a FEC Candidate Donation, on a Candidates Petition, and on his Florida Federal Candidate Oath (February 2022 thru June 10, 2022). He did this knowing that he did not reside at 973 Wilma Ave, Winter Park, Florida. Just a few days later June 27, 2022 Mills found himself a Vacation Beach Rental house in New Smyrna Beach to live in part time that was fully furnished with sheets, pillows, towels, wash rags and toilet paper. At the same time Mills still lived in Virginia too, traveling back and forth. Rent was over \$16,000 a month for the vacation rental. Mills created another LLC in Virginia on 15 November 2022 just a few days after being elected in Florida, and designated himself as the Registered Agent which is by law a Virginia Resident.

SUMMARY OF THE LAW

Contributions in the Name of Another

29. FECA provides that “[n]o person shall make a contribution in the name of another person or knowingly permit his name to be used to affect such a contribution, and no person shall knowingly accept a contribution made by one person in the name of another person.” See 52 U.S.C. § 30122.

30. The Commission regulation implementing the statutory prohibition provides the following examples of contributions in the name of another:

- a. “Giving money or anything of value, all or part of which was provided to the contributor by another person (the true contributor) without disclosing the source of money or the thing of value to the recipient candidate or committee at the time the contribution is made.”
- b. “Making a contribution of money or anything of value and attributing as the source of the money or thing of value another person when in fact the contributor is the source.”

31. The requirement that a contribution be made in the name of its true source promotes Congress’s objective of ensuring the complete and accurate disclosure by candidates and committees of the political contributions they receive, and ensures that the public and complainants are fully informed about the true sources of political contributions and expenditures. Such transparency also enables voters, including complainant Wieand, to have the information necessary to evaluate candidates for office, “make informed decisions[,] and give proper weight to different speakers and messages.”

32. FECA and Commission regulations provide that a person who furnishes another with funds for the purpose of contributing to a candidate or committee “makes” the resulting contribution, whether funds are advanced to another person to make a contribution in that person’s name or promised as reimbursement of a solicited contribution. Moreover, the “key issue . . . is the source of the funds” and, therefore, the legal status of the funds when conveyed from a conduit to the ultimate recipient is “irrelevant to a determination of who ‘made’ the contribution for the purposes of [Section 30122].”

33. Straw donor contributions like those alleged here are serious violations of federal campaign finance law that have led to criminal indictments and convictions in recent

years. As explained in one such indictment, the straw donor ban works in tandem with other campaign finance laws to protect the integrity of our electoral system and to ensure that all candidates, campaign committees, federal regulators, and the public are informed of the true sources of money spent to influence federal elections. Another recent indictment highlighted how straw donor schemes have been used to skirt FECA's source prohibitions, such as the ban on contributions by government contractors.

34. Even for contributions that would otherwise be legal — i.e., contributions that would not be prohibited or excessive, if made in the true contributor's own name — the prohibition of contributions in the name of another serves FECA's core transparency purposes by ensuring that voters have access to complete and accurate information regarding the sources of electoral contributions.

Excessive and/or Prohibited Contributions

35. FECA prohibits any "person" from making aggregate contributions in excess of a specified amount, currently \$2,900 per election, to any candidate and his or her authorized campaign committee. FECA further prohibits all candidates and political committees from knowingly accepting any contributions in violation of the relevant contribution limits.

36. Moreover, FECA prohibits corporations from making contributions to candidates and their authorized campaign committees, and prohibits candidates and their authorized campaign committees from knowingly accepting or receiving any such prohibited corporate contributions. Under Commission regulations, an LLC that elects to be taxed as a corporation is treated as a corporation.

37. Additionally, FECA prohibits foreign nationals from directly or indirectly making "a contribution or donation of money or other thing of value . . . in connection with a Federal, State, or local election" or "an expenditure, independent expenditure, or disbursement for an electioneering communication." FECA further prohibits any person from soliciting, accepting, or receiving a foreign national contribution.

Disbursement Reporting and Recordkeeping

38. FECA mandates that all political committees, including a candidate's authorized campaign committee, must file periodic disclosure reports with the Commission that accurately and completely disclose, among other things, the total disbursements made by the committee, and, in addition, the name and address of any person receiving disbursements aggregating in excess of \$200 in an election cycle.

39. Under Commission regulations, when itemizing a disbursement, authorized campaign committees must provide the "date, amount and purpose of each expenditure," and the "purpose" must include a "brief statement or description of why the disbursement was made."

40. FECA and Commission regulations require that the treasurer of a political committee keep accurate records of all disbursements made by the committee, "including a receipt, invoice, or cancelled check for each disbursement in excess of \$200." The Commission may hold a treasurer personally liable for violating legal obligations imposed specifically on committee treasurers, such as recordkeeping and reporting requirements, or for knowingly or recklessly violating the law or turning a blind eye to troubling facts.⁵¹

Personal Use

41. Under FECA, campaign funds can be used for authorized expenditures arising from the campaign or the official duties of a sitting officeholder, as well as for "any other lawful purpose." However, campaign funds cannot be "converted to personal use," i.e., "used to fulfill any commitment, obligation, or expense . . . that would exist irrespective of the candidate's election campaign" or official duties as an officeholder.

42. Under Commission regulations, certain types of expenses are considered per se prohibited personal use, including, e.g., mortgage, rent, or utility payments for the personal residence of a candidate or candidate's family member. Other uses of campaign funds are subject to the Commission's case-by-case determination of whether the obligation or expense would exist "irrespective of" the candidate's campaign or officeholder status.

CAUSES OF ACTION

COUNT I

MILLS KNOWINGLY AND WILLFULLY SERVED AS A STRAW DONOR FOR UNKNOWN PERSONS TO MAKE CONTRIBUTIONS IN THE NAME OF ANOTHER TO THE MILLS CAMPAIGN COMMITTEE

43. The available information indicates that Cory Mills according to his FEC (**see Exhibit 1**) filings during the years of 2021 thru 2022 show that he personally loaned his campaign \$1,848,900. But according to his two Financial Disclosure Reports, one filed in 5/7/2021 (**see Exhibit 2**) and another one just filed on January 9, 2023 for the period of 1/01/2021 thru 12/31/2022 (**See Exhibit 3**) do not show any cash assets or liabilities as to where he got that amount of money from.

44. Cory Mills reported that he personally loaned his campaign \$1,848,900 from April 1st, 2021 to 28 October 2022. Cory Mills again on January 9, 2023 made several statements on his Financial Disclosure Report filing that are apparently false. The new Report (**see Exhibit 3**) filed on 9 January 2023 leads to more questions about his sources of funds, loans, and liabilities and how Mills was able to personally loan his Campaign loans as reported on his on FEC Form 3 submittals and how he got almost Two million dollars to loan to his campaign.

45. Again, on his Financial Disclosure Report that he filed on 01/09/2023 for the years 2021 thru 2022 he only reported six lines of assets in Schedule A.

46. In Schedule A Mills reports his home in McClean, VA on 1198 Windrock Drive valued at \$1,000,000 to \$5,000,000. See Deed in Fairfax County Clerk Office: Book 22422 Page 0586 and Book 25175 Pages 0540. (See **Exhibit 4**). (Note he reports no liabilities on the home on the Financial Disclosure Reports)

47. On his two different Financial Disclosure Reports Schedule A Cory Mills reported that he only had the following assets of cash:

Bank of America	May 2021: \$15,000 to 50,000	Dec 31, 2023: \$50,000 to 100,000
PNC Bank	May 2021: \$100,000 to 250,000	Dec 31, 2023: \$50,000 to 100,000

According to his May 7, 2021 Report, Schedule A Mills had between a minimum of \$115,000 and a maximum of \$300,000 yet he personally loaned his campaign over One million eight hundred forty-eight thousand nine hundred dollars (\$1,848,900). At the end of the campaign, he shows that he has a total minimum of \$100,000 to a max of \$200,000 according to his latest Report. He listed no other

assets or liabilities that would let him loan that amount of personal cash to his campaign (see FEC reporting of Contributions and loans made to Cory Mills Campaign Committees on **Exhibit 1**).

48. On Schedule A of the Financial Disclosure Report, Cory Mills still claims at the end of 2022 that he personally owns property located at 4700 Providence Road in Perry, Florida, and claims rental income from \$100,000 to \$1,000,000 on the Perry County, Florida property. The property is owned by his Pacem Estate Holdings, LLC. The property is an LLC with a registered agent in Florida filed July 30, 2018 and has two other principles. (See **Exhibit 5** and **Exhibit 6**) of filings with Florida on official Sunbiz.org. (Note that on January 18, 2023 Mills name was taken off the LLC Florida filing)

49. Again, Cory Mills used an address on his Pacem Estate Holdings, LLC filing that was not his place of business at the time. That place (115A Drew St. Perry, FL) was rented by Michael Quesenberry, and the lease ended June 27, 2018 according to Perry City records. However, Mills continued using the address as his place of business for filing state corporation documents and for the place of business on loans taken in July, August, and October 2018. According to Taylor County, Florida, records, Mills signed for a loan in October 2018 for \$4,000,000 (**see Exhibit 7**) for the purchase of the \$5,500,000 property using his newly filed Pacem Estate Holdings LLC as the purchaser. Mills also signed for an SBA Loan in 15 August 2018 for \$5,000,000 for Pacem Solutions International LLC. Both loans were signed and notarized in Virginia but used a fake place of business (115A Drew St. Perry, FL) in Florida. Mills continued to use the fake address again to do a supplemental security agreement of \$2,000,000 on the Virginia Access Bank SBA loan to secure the property in Perry, Florida on May 30, 2019 for extension of the loan. The address that Mills was using was being rented by an addict Recovery Charity and later by a hair cutting salon. Mills knew that the business location was false.

50. Again in January 2023, Cory Mills did not list as assets his Florida Pacem Estate Holdings LLC, which were acquired properties from AMTEC Less Lethal Systems, Inc in October 19, 2018. (See Deed **Exhibit 8**). Mills did not list any liabilities for this LLC company. According to Deed records "the multi" property was purchased for over \$5 .5 million dollars. There are three properties in Perry County, Florida owned by Pacem Estate Holdings, LLC.) (See **Exhibit 9 Tax billing** and See **Exhibit 10 (4 pages)** of parcels owned). They were not reported separately on his Schedule A of the Financial Disclosure Reports that he submitted.

51. Again, Cory Mills did not list as an asset the ALS, Inc., company which is in Taylor County, Perry,

Florida. The name was changed from AMTEC Less Lethal Systems, Inc to ALS, Inc., in February 2022. (See **EXHIBIT 11**). The Company is located on the property owned by Pacem Estate Holdings, LLC at 4700 Providence Road, Perry, Fl. Mills did not list any liabilities for this company yet it is reported that the acquisition cost approximately \$10 million dollars in October 2018. (See **Exhibit 12.**) The company had about 40 employees when Mills became Chairman. It has about same today.

52. According to the Taylor County Clerk of the Court records, Mills signed another Loan (after he declared his candidacy) on 28 May 2021 in Virginia for \$8,360,000 from WAYGAR Capital, Inc., an agent for Ninepoint Canadian Senior Debt Master Fund L.P. 25 King Street West, Suite 1700, Toronto, Canada, M5L., 2AI, for Mills LLC called Pacem Estate Holdings LLC and securing rents and fixtures from his Pacem Defense LLC and his ALS, Inc. (**See Exhibit 13**)

53. Also note that in 2021 WAYGAR CAPITAL Inc filed a Notice of Lien on Mills Pacem Defense LLC in 2021 in Virginia and they also secured a Patent rights transfer from AMTEC Less Lethal Systems, Inc to WAYGAR CAPTITAL Inc. (note use of Virginia address instead of Florida Address for AMTEC Less Lethal Inc). (**See Exhibit 14**)

54. Again according to Mills Financial Disclosure Report that he just filed on January 9, 2023, note that Pacem Defense LLC is 100 percent owned by Mills and he reports no income from that LLC. There currently is no business license for that company in Taylor County, Florida or Fairfax, Virginia.

55. Again on his Financial Disclosure Report on Schedule A Mills claims he owns 98 percent of Pacem Solutions International LLC of Virginia. Note that Mills is the Virginia resident who is the Corporation Registered Agent for the company according to Virginia official records and Virginia Law.

56. On his January 2023 Schedule C Financial Disclosure Report Mills now claims he took a salary of \$587,000 in 2022 and that his spouse had no salary and in the previous year (2021) he claims he took a salary of \$310,000 and his spouse took a salary of \$233,469 in 2021 from Pacem Solutions International, LLC., based out of an office in Falls Church, VA. However, this contradicts his May 5, 2021 Report where Mills claims he earned a salary of \$500,000 a year and his wife earned \$300,000 in 2021 from his Pacem Solutions International LLC. Mills is the Registered Agent and the Executive Chairman of his Pacem Solutions International LLC and the Articles of Incorporation of the Company show him as the sole owner according to Virginia State Corporation Commission (SCC)

(See **Exhibit 15**). It is unclear how Mills reports his Pacem Solutions International LLC, Pacem Estate Holdings LLC and his ALS, Inc. dba Pacem Defense LLC or ALS, Inc. dba Pacem Solutions

International, LLC on his Federal and State Income Taxes.

57. Mills left off his Financial Disclosure Reports the AMTEC Less Lethal Systems, Inc (now ALS, Inc) in Florida which has a paid Business Tax License in Perry, Fl (**See Exhibit 16**). Mill also leaves off the income and liabilities from that business (if any). Where does he report his taxes to? Which State?

58. Federal Contracts databases show that contracts are being awarded to Pacem Solutions International, LLC and being performed by AMTEC Less Lethal Systems, Inc (ALS, Inc.). According to Federal Reporting of Contract awards Mills company has only received \$360,000 in contracts in 2021 and \$680,000 the previous year. Recent Contracts that are awarded to Pacem Solutions International LLC in Virginia are saying that the work is being performed at ALS, Inc in Perry, Florida according to government contract awards data bases.

See https://www.usaspending.gov/keyword_search/pacem

(Note that in October 2022 Florida records now show that Mills name was taken off the Florida Pacem Solutions International LLC and now only shows a Florida Registered Agent named Bill Havre, and Andrew Knaggs as CEO and Tarun Handa as CFO, and in January 18, 2023 Mills was taken off the ALS, Inc and Pacem Estate Holdings LLC Florida filings and now only show Andrew Knaggs and Tarun Handa on them also. Both use addresses outside Florida. See Florida sunbiz.org website.)

59. On 29 May 2021 a loan for a \$4,290,000 line of Equity Credit was filed on his residence 1198 Windrock Dr, McLean , Virginia. (**see Exhibit 17**). This was done shortly after he filed his first Financial Disclosure Report on May 7, 2021. Notice that he also rerecorded the WAYGAR CAPITAL, Inc. Loan adding another 2 million dollars to it in August 11, 2021. (Also see the Perry County, Florida Clerk of Clerk of Court filing, **Exhibit 13** - note Canadian dollars)

60. In June 15, 2021 the IRS filed A Tax lien against Mills Pacem Solutions International LLC for \$111,815 for back taxes and again in February 2022 the IRS filed another Tax Lien for back taxes against Mills Pacem Solutions International LLC for \$592,278. A review of Mills IRS Federal Taxes and Virginia State Taxes should show the reporting of earnings and taxes, etc. Mills Spouse also has a \$208,000 Federal IRS Tax lien filed in Virginian and and a Virginina Income Tax lien filed aginst her for \$47,000.

61. Again on Schedule E Mills deliberately left off Positions he claims holds in 4 different companies that were listed on Official State Corporation registrations sites in Florida See **Exhibit 18**) and in Virginia (See **Exhibit 19**).

62. Cory Mills has not revealed the sources of his cash he loaned to his campaign on January 9, 2022 for his 2021 and 2022 filing periods on his Federally mandated Financial Disclosure Report. Cory

Mills has failed to report all his assets, reported incorrectly his assets, failed to report liabilities, failed to report income from his companies, and he failed to report his positions with LLCs and a Incorporation he is part owner of and his foreign sources of money. Mills has deliberately filed another report knowing that the information submitted was wrong. The filing and reporting in the Financial Disclosure Report leads to more questions in the other complaints that follow.

COUNT II

MILLS ILLEGALLY USED CAMPAIGN FUNDS TO PAY FOR PERSONAL EXPENSES, INCLUDING "ROOM MATE RENT" DISGUISED AS MEMO ITEMS

63. Mills and his campaign appear to have illegally spent campaign funds on personal expenses, including paying rent for the use of a room in a home in order to pretend he lived in Florida, in clear violation of FECA's prohibition at 52 U.S.C. § 30114(b) and Commission regulations.

64. Mills' campaign appears to have spent \$7,103.93 on rent payments for Mills' personal room in blatant violation of the law. (see **Exhibit 20**). The disbursements are each described as "Memo items" address associated with each of these expenditures — 973 Wilma Ave., Winter Park, Florida — which is the location of a single-family house in Winter Park, Florida. This was done while Mills continually maintained his residence in Virginia during the 2022 campaign.

65. In March 2021 Mills went to a DMV in Jacksonville, FL to get a Florida Driver's license and while he was there, he signed up to register to vote using a "employees" 1,000 square foot house, 3 bedroom, 1.5 bath bungalow, which was 120 miles away in Winter Park, Florida, where 3 voting age adults were already living in at the time as his new Florida place of residence (see **Exhibit 21**). During the campaign Mills paid Derick Agustin, the owner of the home several times for "Memo items" from his campaign funds for visits, he made. Mills started using another address in a undisclosed unit in a high rise in Orlando, Florida where he donated money to another candidate using that location without a specific address. Mills also used the location to sign a candidate petition

which the Orange County, Florida Elections office rejected and then sent Mills a notice to verify the address Mills used and it came back to the Elections office as undeliverable. Mills also used the fake address as his location to file his Florida Federal Candidate Oath from (June 10, 2022). Mills then within a few days after using that location, on June 27, 2022, Mills moved into a fully furnished Vacation Beach Rental rented from a Beach Rental Property Management company in New Smyrna Beach, Fl. This was done all the while Mills continued to live in Virginia.

66. Commission regulations specify that using campaign funds to pay mortgage, rent, or utility payments on the personal residence of a candidate or candidate's family member is per se personal use. Particularly when viewed in light of the Mills campaign's numerous fraudulent disclosures to the Clerk of Congress and the FEC and to the public, it is not only plausible but likely that the campaign falsely reported paying rent — which itself might constitute the personal use of campaign funds for an expense that would exist irrespective of the campaign — on a property that was the candidate's "employee".

67. As such, there is sufficient information to find reason to believe Mills was using that house while the campaign was paying \$7,103.03 to rent it, such that Mills and the Mills campaign knowingly and willfully violated FECA's statutory ban on the conversion of campaign funds to personal use at 52 U.S.C. § 30114(b).

68. Mills has used money that he received from donors to spend on luxury jet travel, luxury hotels in South Florida, limousines, and other exorbitant travel expenses.

COUNT III
MILLS ILLEGALLY CLAIMED CAMPAIGN CONTRIBUTIONS
FROM THE SAME DONORS

69. Mills during the 1st and 2nd Qtrs of 2023 filed reports that contained the same names of donors who gave the exact same amount of money to both his Campaign- Cory Mills for Congress Committee

and also to his Victory Fund Committee. It is unknown that these individuals were aware of the fact that this was how they were donating. A deeper look into the methods of payment and the receipts reported in the Committee bank accounts will show the facts of what is really going on. It is alleged that donations are incorrectly claimed and reported as receipts for two different committees in two different states in violation of 52 U.S.C. § 30101 et seq.

PRAYER FOR RELIEF

70. Wherefore, the Commission should find reason to believe that Respondents have violated 52 U.S.C. § 30101 et seq., and conduct an immediate investigation under 52 U.S.C. § 30109(a)(2).

71. Further, the Commission should seek appropriate sanctions for any and all violations, including civil penalties sufficient to deter future violations, injunctive relief to remedy these violations and prohibit any and all future violations, and such additional remedies as are necessary and appropriate to ensure compliance with FECA.

Respectfully submitted,

FOR IMMEDIATE RELEASE

NATIONAL PRESTO INDUSTRIES, INC. ANNOUNCES DIVESTITURE
OF AMTEC LESS LETHAL SYSTEMS, INC. TO PACEM DEFENSE LLC

Eau Claire, Wisconsin (October 18, 2018) -- National Presto Industries, Inc. (NYSE: NPK) announced today that its wholly-owned subsidiary AMTEC Corporation sold the stock of its wholly-owned subsidiary AMTEC Less Lethal Systems, Inc. (“ALS”) to PACEM Defense LLC (“PACEM”). After several months of negotiations, the transaction occurred on October 17, 2018. Originally formed to acquire the assets of a less lethal manufacturing business in 2011, ALS is currently a manufacturer of less lethal products serving law enforcement and correctional facilities.

The transaction is valued at approximately \$10 million. PACEM will operate the business in Perry, Florida, out of the current ALS facility. It intends to continue current operations at ALS and begin manufacturing other items to serve its customers and markets.

In describing the transaction, Maryjo Cohen, President of National Presto, stated, “We recognized that to move ALS to the next level, the operation needed to further augment U.S. business with much greater focus on international customers. PACEM has the contacts needed to take ALS to that next level. The acquisition provides PACEM an instant manufacturing facility with an established customer base.” Although it occurred subsequent to the end of National Presto Industries, Inc.’s third quarter, the transaction will result in a third quarter impairment charge to earnings of approximately \$3 million.

National Presto Industries, Inc. operates in two business segments. The Housewares/Small Appliance segment designs and sells small household appliances and pressure cookers under the PRESTO® brand name. It also designs and markets the first self-service/self-reloadable fire extinguisher: the Rusoh® Eliminator® fire extinguisher. The segment is recognized as an innovator of new products. The Defense segment manufactures a variety of products, including medium caliber training and tactical ammunition, energetic ordnance items, fuzes, and cartridge cases.

This release contains “forward looking statements” made pursuant to the safe harbor provision of the Private Securities Litigation Reform Act of 1995 that are subject to certain risks and uncertainties, as well as assumptions, that could cause actual results to differ materially from historical results and those presently anticipated or projected. In addition to the factors discussed above, other important risk factors are delineated in the Company’s various SEC filings.

COMPLAINT

Based on documentation from the Florida Sunbiz.org, wdfi.org, and <https://cis.scc.virginia.gov/EntitySearch/Index> web sites it appears that fraud was committed in both Wisconsin and Florida, and in Virginia too. It is alleged that Cory Mills and Joseph Schmitz and others have filed documents with the State of Florida claiming that ALS Inc is a Foreign Profit Corporation with its Domestic Corporation in Wisconsin for the years 2018 thru 2023. While at the same time Documents filed with Florida and Virginia Governments, and on contracts with Government entities show that Pacem Defense LLC of Virginia and Pacem Solutions International LLC is the one (Cory Mills) who claims ownership of the ALS, Inc entity as a dba in Florida. It is also alleged that Cory Mills and Joseph Schmitz deceived WAYGAR CAPITAL Inc, of Toronto, Canada in that Mills, and his Pacem Defense LLC, Pacem Estate Holdings LLC and ALS, Inc did not reveal the Wisconsin Domestic Corporation, ALS, Inc, that it was/is or not the actual owner of the Foreign Limited for Profit Corporation in Florida. This fraudulent filing of documents also impacts the tax authorities of these three states and the Federal Government, and Federal Procurement Agencies. The Value of the transactions is over \$10 million dollars.

VIOLATIONS

It is alleged that Wisconsin Statute, Sections 178.0124, 180.1029, 181.0129 and 185.82 have been violated.

It is alleged that Florida Statutes have been violated s.817.155, F.S., which states... a person may not: Knowingly falsify or conceal a material fact, make a false, fictitious, or fraudulent statement or representation, or make or use any false document. Anyone violating these conditions is guilty of a third-degree felony and punishable by law. (s.775.082, s.775.083, or s.775.084, F.S.)

It is alleged that Federal Securities and Exchange Laws have been violated.

It is alleged that Virginia Laws pertaining to Va. Code §§ 58.1-445 or 58.1-446 have been violated.

It is alleged that Federal Procurement laws, 18 U.S.C. § 1001, have been violated by not giving the real name and location of the company/persons owning the ALS, Inc business and using a fake business name on many Federal Government bid applications and contracts that is no longer a legal business entity. Making a false statement to a federal agent, a financial institution or a government entity is a crime all alone.

Factual documents history

1. In May 2012 Documents were filed in Florida to start a manufacturing facility in Perry, Fl at 4700 Providence Rd.
2. Colleen Leahy of 3925 N Hastings Eau Claire, Wisconsin 54703 filed for AMTEC LESS LETHAL SYSTEMS INC, a Domestic Corporation in Wisconsin owned by National Presto Industries INC to create a Foreign Corporation to transact business in Florida.
3. Paperwork was submitted and approved in May 2012 for Amtec Less Lethal Systems Inc to start operations in Perry, Florida.
4. The Incorporation continued to operate in Florida thru October 2018 filing its annual reports in both Florida and Wisconsin, and SEC reports were filed regularly according to law.
5. In October 2018 a large transaction was made to sell the land and to sell the company.
6. A Deed was signed on 16 October 2018 by Joseph Schmitz to transfer the property that it owned in Perry, Florida to a newly formed LLC called Pacem Estate Holdings whose sole member was Cory Mills. Consideration was \$5.5 million dollars.
7. On the same day the stock of the company was sold and “put into the name of Pacem Defense LLC (?)”, whose sole member was Cory Mills of Virginia for approximately \$5.1 million. The total transaction was \$10,636,000 with National Presto Industries holding a Promissory - Note Receivables of \$2,869,000. Mills had two Loans with a Virginia Bank (Access National

Bank) totaling \$9 million. One loan was an SBA Loan for doing Foreign Exports Investment.

8. A press release was made on October 18, 2018, by National Presto Industries INC. about the sale and its complete divestiture of AMTEC LESS LETHAL SYSTEMS INC including all assets. There was no mention of any assets in Wisconsin. Press release mentions Pacem Defense LLC. There is no mention of a SLC, Inc out of Wisconsin whose name was changed to AMTEC LESS LETHAL SYSTEMS INC and in 2021 to ALS, Inc according to the Wisconsin DFI registry.
9. In November 2018 the Registered Agent for the Florida organization, AMTEC LESS LETHAL SYSTEMS INC, added the names of the new Directors for the company with the Florida Department of State on the sunbiz.org website using names and addresses out of Falls Church, Virginia.
10. In 2021 National Presto Industries Inc filed their SEC FORM 10-K report which included information therein that they sold the assets and were no longer owners of AMTEC LESS LETHAL SYSTEMS INC. They referenced Note Q of their Consolidated Financial Statements for details of the transaction.
11. After the purchase by Pacem Estate Holdings LLC of the land and buildings and claims that Pacem Defense LLC owns AMTEC LESS LETHAL SYSTEMS INC and both are solely owned by Mills, the new owner, continued to file reports that it was a Foreign Corporation out of Wisconsin not from Virginia. The mailing address was continuously reported as 2941 Fairview Park Dr, Suite 550, Falls Church, Virginia. Mills had two loans with Access National Bank of Reston, Virginia for \$9 million dollars. He later obtained a loan with a foreign lender, WAYGAR CAPITAL INC, in May 28, 2021. No mention is made of any Wisconsin office or Wisconsin Incorporation on the Loan documents.

<https://www.pacem-solutions.com/>. Video included about ALS company in Perry in 2018.

12. In April 2020, the new owner Cory Mills, applied for and received Covid PPP loans in Virginia for the Florida AMTEC Less Lethal Systems Inc operation (\$1 million dollars). After the loans were received the Suite number changed from 550 to Suite 350, 2941 Fairview Park Dr, Falls Church, Virginia. The loans were forgiven.
13. There is no public information on the SEC.gov website in the EDGAR database of any AMTEC Less Lethal Systems Inc or ALS Inc companies currently.
14. There is a public record of the ALS Inc Incorporation in the Wisconsin Corporation database. But no mention of Pacem Defense LLC.
15. There is no record of ALS, Inc or Amtec Less Lethal Systems, Inc Incorporations in the Virginia Corporation database.
16. A search of Wisconsin records shows that there is an ALS, Inc in its database with a name change from AMTEC LESS LETHAL SYSTEMS INC on January 25, 2021. The Wisconsin DFI registry shows that the principal place of business is 4700 Providence Rd, Perry, FL.
17. In January 2022, Joseph Schmitz filed a copy of Wisconsin "Form 4" with the Florida State Corporations Division that the AMTEC LESS LETHAL SYSTEMS INC (WIS) was changing its name to ALS, Inc. and used what looks like filed Wisconsin documents to change the name in Florida. The form looks "doctored". Joseph Schmitz resides in Bethesda, Maryland., but that is not on the forms filed.
18. The forms that Schmitz filed with Florida officials have no Wisconsin address mentioned on the "Wisconsin Form 4" as to where the AMTEC Less Lethal Systems INC nka ALS, Inc is located in the state of Wisconsin.

19. It is alleged that Joseph Schmitz and Cory Mills are filing fraudulent documents with the States of Florida and Wisconsin between October 2018 and 2023. They are pretending that a corporation exists in Wisconsin and that the operation in Florida is part of a Wisconsin Domestic Incorporation.
20. Mills is the sole member of the Pacem International Solutions LLC in Virginia. Pacem Defense LLC in Virginia has Mills as the sole member also. According to the Loan that WAYGAR Capital Inc has on the land and property, it shows that ALS, Inc is a company in Florida. There is no mention of a Wisconsin location. WAYGAR CAPITAL INC is located in Toronto, Canada.
21. According to the latest filings in January 18, 2023 on ALS, Inc, Pacem Defense LLC and Pacem Estate Holding LLC, Cory Mills is no longer on the Florida Sunbiz.org website Corp and LLC filings. Persons named Andrew Knaggs and Tarun Handa are on the entities. Mailing address is still 2941 Fairview Lake Dr, Suite 350, Falls Church, Virginia.
22. Mills name is still on the loan documents with outstanding debt of over \$10 million dollars and is in debt to National Presto Industries for over \$2.8 million. See Loan documents filed on record in Taylor County, Florida and Fairfax County, Virginia.
23. Mills name is still on the Pacem Solutions International LLC in Virginia as its sole member and Pacem Defense LLC. His wife Rana Alsaadi was added as the Virginia resident who is the Registered Agent (RA) for the LLC on April 23, 2023.
24. Mills also is claiming on his Congressional Financial Disclosure Reports that he owns 100 percent of Pacem Defense LLC, Florida, and that he receives no income from that LLC. He claims he collects rent on the 4700 Providence Rd, Perry, property held in his Pacem Estate Holdings LLC. He claims that he receives a salary from Pacem Solutions International LLC but that LLC lists him as the sole member. Mills does not list ALS, Inc on the reports.
25. The Pacem International Solutions LLC website shows that ALS, Inc is a dba and manufacturing entity for them. There is no mention of Amtec Less

Lethal Systems Inc on the website yet on Official Federal Government Websites show that contracts are awarded to a fake Amtec Less Lethal Systems Inc. name via the Falls Church, Virginia address.

26. According to Government websites such as SAM and Fpds.gov there are contracts being awarded to Amtec Less Lethal Systems Inc up thru 2023 when no such legal entity exists.
27. According to a Business Insider News Article written March 28, 2023, Mills and Schmitz would not reveal the owners of the company.

I request that a full investigation be done on the filing of these documents. It has an impact on State and Federal Tax liabilities. There is no public evidence that they filed SEC reports on the Incorporation. There is no evidence that proper filings were done in Wisconsin to file reports and taxes.

Submitted November 28, 2023.

NATIONAL PRESTO INDUSTRIES, INC. ANNOUNCES DIVESTITURE OF AMTEC LESS LETHAL SYSTEMS, INC. TO PACEM DEFENSE LLC

Eau Claire, Wisconsin (October 18, 2018) -- National Presto Industries, Inc. (NYSE: NPK) announced today that its wholly-owned subsidiary AMTEC Corporation sold the stock of its wholly-owned subsidiary AMTEC Less Lethal Systems, Inc. ("ALS") to PACEM Defense LLC ("PACEM"). After several months of negotiations, the transaction occurred on October 17, 2018. Originally formed to acquire the assets of a less lethal manufacturing business in 2011, ALS is currently a manufacturer of less lethal products serving law enforcement and correctional facilities.

The transaction is valued at approximately \$10 million. PACEM will operate the business in Perry, Florida, out of the current ALS facility. It intends to continue current operations at ALS and begin manufacturing other items to serve its customers and markets.

In describing the transaction, Maryjo Cohen, President of National Presto, stated, "We recognized that to move ALS to the next level, the operation needed to further augment U.S business with much greater focus on international customers. PACEM has the contacts needed to take ALS to that next level. The acquisition provides PACEM an instant manufacturing facility with an established customer base." Although it occurred subsequent to the end of National Presto Industries, Inc.'s third quarter, the transaction will result in a third quarter impairment charge to earnings of approximately \$3 million.

National Presto Industries, Inc. operates in two business segments. The Housewares/Small Appliance segment designs and sells small household appliances and pressure cookers under the PRESTO® brand name. It also designs and markets the first self-service/self-reloadable fire extinguisher: the Rusoh® Eliminator® fire extinguisher. The segment is recognized as an innovator of new products. The Defense segment manufactures a variety of products, including medium caliber training and tactical ammunition, energetic ordnance items, fuzes, and cartridge cases.

This release contains "forward looking statements" made pursuant to the safe harbor provision of the Private Securities Litigation Reform Act of 1995 that are subject to certain risks and uncertainties, as well as assumptions, that could cause actual results to differ materially from historical results and those presently anticipated or projected. In addition to the factors discussed above, other important risk factors are delineated in the Company's various SEC filings.

Q. DIVESTITURE

On October 17, 2018, the Company, through its wholly owned subsidiary AMTEC Corporation, sold the outstanding stock of its wholly owned subsidiary AMTEC Lethal Systems, Inc. ("ALS") to PACEM Defense LLC ("PACEM"), a third party, in exchange for cash and promissory notes totaling \$10,636,000, subject to customary post-closing adjustments. The Company tested long-lived assets for recoverability in the quarter ending September 30, 2018 and recorded an impairment charge of \$3,021,000. The pre-tax loss on divestiture, including the impairment charge, recorded in 2018 was \$2,528,000. As of December 31, 2020 and 2019, \$2,869,000 and \$2,853,000, respectively, of promissory notes and accrued interest related to the divestiture of ALS are included on the Company's balance sheet as Notes Receivable, Current.

The Company determined this transaction did not qualify for discontinued operations treatment, since it did not represent a strategic shift that had or would have a major effect on the Company's operations and financial results.

R. BUSINESS ACQUISITION

On July 23, 2019, the Company's wholly-owned subsidiary, OETA, Inc., purchased substantially all the assets of OneEvent Technologies, Inc., a Mount Horeb, Wisconsin company established in 2014 for \$6,501,000, including cash of \$4,020,000, forgiveness of a note receivable of \$2,364,000 and a potential earn out, which is based on earnings over a seven year period. The current estimated value of the earn out is \$117,000, however, the value of the earn out will vary depending on actual earnings over the seven year period. OneEvent's systems provide early warning of conditions that could ultimately lead to significant losses. The initial application combines patented machine learning, digital sensors and cloud-based technology to continuously monitor freezers and refrigerators, instantly detecting and alerting users to potential safety issues around pharmaceuticals and food. The OneEvent® system also has the ability to continually measure other factors such as small

The Defense segment was started in 2001 with the acquisition of AMTEC Corporation, which manufactures precision mechanical and electromechanical assemblies for the U.S. Government and prime contractors. During 2005, and again during 2010, AMTEC Corporation was one of two prime contractors selected by the Army to supply all requirements for the 40mm family of practice and tactical ammunition cartridges for a period of five years. In 2016, AMTEC was awarded a one-year contract, and in 2017, it was awarded a third five-year contract as the sole prime contractor. AMTEC's manufacturing plant is located in Janesville, Wisconsin. Since the inception of the Defense segment in 2001, the Company has expanded the segment by making several strategic business acquisitions, and has additional facilities located in East Camden, Arkansas; Antigo, Wisconsin; and Clear Lake, South Dakota. During 2003, the segment was expanded with the acquisition of Spectra Technologies, LLC of East Camden, Arkansas. This facility performs Load, Assemble, and Pack (LAP) operations on ordnance-related products for the U.S. Government and prime contractors. During 2006, the segment was expanded again with the acquisition of certain assets of Amron, LLC of Antigo, Wisconsin, which primarily manufactures cartridge cases used in medium caliber (20-50mm) ammunition. In 2011 the segment was further augmented with the purchase of certain assets of ALS Technologies, Inc. of Bull Shoals, Arkansas, which manufactured less lethal ammunitions. The Company subsequently relocated this operation to Perry, Florida, and in October of 2018, divested itself of the less lethal business. See Note Q for further explanation. During 2014, the Company continued the expansion of the Defense segment with the purchase of substantially all of the assets of Chemring Energetic Devices, Inc. located in Clear Lake, South Dakota, and all of the real property owned by Technical Ordnance Realty, LLC. The Clear Lake facility manufactures detonators, booster pellets, release cartridges, lead azide, and other military energetic devices and materials. The Defense segment's collection of facilities enables the Company to deliver in virtually all aspects of the manufacture of medium caliber training and tactical rounds. They include the fuze, the metal parts including the cartridge case, the load, assemble and pack of the final round, and the detonator.

See information on AMTEC Less Lethal Systems Inc in second last paragraph.

2. Defense Segment

AMTEC Corporation was acquired on February 24, 2001, and manufactures 40mm ammunition, and precision mechanical and electro-mechanical products for the U.S. Department of Defense (DOD) and DOD prime contractors. AMTEC's 106,000 square foot manufacturing facility located in Janesville, Wisconsin, is focused on producing niche market ordnance products (such as training ammunition, fuzes, firing devices, and initiators). AMTEC is also the prime contractor for the 40mm ammunition system to the DOD (more fully described below).

Spectra Technologies LLC, a subsidiary of AMTEC, was acquired on July 31, 2003, and is engaged in the manufacture and delivery of munitions and ordnance-related products for the DOD and DOD prime contractors. Spectra maintains 364,000 square feet of space located in East Camden, Arkansas, dedicated primarily to Load, Assemble and Pack (LAP) type work.

Amron, a division of AMTEC, holds the assets that were purchased from Amron LLC on January 30, 2006. Amron manufactures cartridge cases used in medium caliber ammunition (20mm, 25mm, 30mm, 40mm, and 50mm) primarily for the DOD and DOD prime contractors, which includes the 40mm systems program previously mentioned and referenced below. The Amron manufacturing facility is 208,000 square feet and is located in Antigo, Wisconsin.

Tech Ord, a division of AMTEC, holds the assets formerly owned by Chemring Energetic Devices, Inc.'s business located in Clear Lake, South Dakota and all of the real property previously owned by Technical Ordnance Realty, LLC. These assets were acquired on January 24, 2014. The division manufactures in its 88,000 square foot Clear Lake facility detonators, booster pellets, release cartridges, lead azide, and other military energetic devices and materials. Its major customers include US and foreign government agencies, AMTEC Corporation, and other defense contractors.

AMTEC Less Lethal Systems, Inc., a former subsidiary of AMTEC Corporation, held the assets that were purchased from ALS Technologies, Inc. a small Arkansas manufacturer of less lethal ammunition, on November 1, 2011. The subsidiary's products included smoke and tear gas grenades, specialty impact munitions, diversionary devices and stun munitions, support accessories like launchers and gas masks, as well as training for the use of its products. The subsidiary's state-of-the-art less lethal ammunition manufacturing and training facility, which was completed in 2013, was 54,000 square feet and was located in Perry, Florida. In October of 2018, the Company divested itself of the less lethal business. See Note Q to the Consolidated Financial Statements.

The Defense segment competes for its business primarily on the basis of technical competence, product quality, manufacturing experience, and price. This segment operates in a highly competitive environment with many other organizations, some of which are larger and others that are smaller.

- **Mills has refused to publicly disclose his foreign dealings or even confirm who owns the company.**

Cory Mills landed in Congress like a grenade.

Literally: At the start of this term, the freshman Republican from Florida handed out 40 mm grenades stamped with a GOP elephant to congressional colleagues.

"I am eager to get to work with you on behalf of the American people," he wrote in an accompanying note.

The grenades were inert. But the stunt was in line with the type of guns-blazing, America-first rhetoric that Mills, an arms dealer, decorated Army combat veteran, and former military contractor, deployed during his campaign in Florida's 7th Congressional District.

Mills, a cofounder of the munitions manufacturer and security contractor Pacem Solutions, positioned himself as a defender of police departments under attack from the "woke" Biden administration. In a 2022 campaign ad, Mills said he "backs the blue" and bragged that his company sold the tear gas that the police used to suppress recent racial-justice and abortion-rights protests.

What Mills didn't advertise was Pacem's munitions contracts with foreign governments. Instead, Mills has refused to publicly disclose his connections and dealings with powers abroad while at the same time sitting on two committees overseeing foreign affairs and military spending — as well as wielding the power to vote on foreign arms deals.

An Insider examination of his business dealings, though, found that Pacem has had deep ties to foreign governments and is struggling financially.

Pacem has repeatedly courted munitions deals with foreign governments over during its nearly decade-long existence. A Saudi government-affiliated national security expo promoted Pacem as one of its featured vendors in 2019, with Mills' face posted across the event's social-media pages. Pacem also exhibited in Abu Dhabi that same year, at one of the largest weapons shows in the world.

A representative for Mills refused to disclose all of the countries Pacem has sold munitions to. But Insider was able to identify multiple foreign buyers. In one major contract from 2015, Pacem and a partner UK munitions firm reached a \$228 million arms deal with Iraq. Mills confirmed that deal, saying it was facilitated by the US Department of Defense and wasn't entirely paid out.

Pacem has sold munitions to Ukraine and Colombia in recent years, according to three sources familiar with the matter, though it's unclear whether those sales are continuing.

A spokesperson for Mills did not respond to repeated requests for a full accounting of the congressman's foreign dealings through Pacem. The company's chief legal officer, Joseph Schmitz, said all of Pacem's foreign munitions sales were approved by the State Department.

Though Mills told Insider he had divested from the company, he was still listed as executive chair on the website of Pacem Solutions at publication time. Pacem Solutions removed the "Who We Are" page that listed Mills as executive chair after Insider published this article; Pacem's lawyer told Insider that the page was "outdated." Schmitz refused to tell Insider who owned the company but said it would be incorrect to publish that Cory Mills "owns 100% of Pacem Solutions and Pacem Defense."

Mills' influence over American military spending while having ties to a munitions company poses the potential for conflicts of interest, an ethics watchdog said.

"It's an obvious conflict of interest, a no-brainer to anyone with common sense," said Don Sherman, the senior vice president of Citizens for Responsibility and Ethics in Washington, a left-leaning nonprofit advocating government ethics reform.

Schmitz said Mills' ties to Pacem were "being vetted" by the House ethics committee. "Everything is above-board," he told Insider. The ethics committee's general counsel declined to confirm whether it was currently working to resolve Mills' relationship with Pacem.

Pacem's troubled history

An explosion ripped through the humid air of a small Florida panhandle town midmorning on September 14, 2018.

Employees at Amtec Less-Lethal Systems, a riot-control-munitions manufacturer in Perry, Florida, had been assembling flash-bang strips. The blast, which federal workplace-safety inspectors indicated might have been caused by static electricity leaping onto explosive powder, immediately killed one worker and injured another so severely that he died the next week.

One month later, Pacem Defense bought the business for \$10 million. The explosion loomed over the start of Pacem's ownership of the facility. Repercussions from the incident have contributed to a slew of financial troubles dragging Pacem down.

Mills' involvement in the defense and munitions world evolved out of his years in the armed forces and work as a private military contractor. He served in the US Army from 1999 to 2003, according to his discharge paperwork. During that time he was sent to Kosovo and Iraq, and he was awarded the Bronze Star.

Mills later spent four years as a military contractor for Dyncorp, where he worked in Iraq and Afghanistan, according to his LinkedIn profile. On the campaign trail and in media interviews he has described being "blown up twice" while on assignment there. He subsequently worked for the federal contractors Chemonics International and Pax Mondial Ltd., before striking out on his own.

In 2014, Mills and his wife, Rana Al Saadi, an Iraqi refugee who came to the US in 2008, founded Pacem. Mills described Pacem to Insider as a "turnkey solution," which encompasses global threat analysis, security services contracting, weapons sales, and training.

The company appeared intent on quickly establishing a global footprint in the years after its founding. Pacem "delivered millions of defense products around the world to some of the most challenging regions," including explosive cartridges for use in grenade launchers, according to a press release it issued in 2018. Early archived copies of Pacem Solutions' website mention work with international development groups like USAID and showed pictures from Ukraine, Pakistan, and Iraq, among other places. Another archived page showed Pacem with offices in Kabul, Baghdad, and Islamabad.

But since the acquisition of Amtec, Pacem appears to have lost value. Pacem Solutions and Pacem Defense are together now worth anywhere from \$10 million down to just \$2 million, according to a financial disclosure Mills filed in January — equal to or less than the price Pacem paid for Amtec alone.

The Amtec explosion, which workplace-safety inspectors concluded was caused by inadequate safety controls, cost Pacem.

Mills said the explosion, which occurred before Pacem acquired the company, underscored the need for a thorough intervention into Amtec's processes and facilities. Pacem poured at least \$2 million into facility upgrades, Mills told a local news outlet, including improvements related to the explosion.

"We bought it knowing the company had issues, then we had our engineers redesign certain products that were not working well," Mills told Insider. Financially, COVID-19 also "slowed things down tremendously," he added. In a statement, Mills' spokesperson also said Pacem didn't lay off any employees and gave small raises during the pandemic.

Pacem is also loaded with debt: It owes \$48 million to a Canadian lender, nearly five times the company's highest potential valuation. Mills said the loan was funding research and development.

There are additional issues that have dogged the company. In the past two years, the munitions plant has been forced to shut down twice for failing to pay workers' compensation insurance premiums, according to Florida's Department of Workers Compensation.

Schmitz, Pacem's chief legal officer, confirmed the shutdowns but claimed the missed workers' compensation payments were an accidental oversight.

Money woes aren't Pacem's only problem. In December 2020, the company blew up or burned several boxes of hazardous waste, according to two people familiar with the incident and a report from the Florida Department of Environmental Protection. The agency cited Pacem for improper storage and disposal of the waste.

Schmitz told Insider that Pacem self-reported the incident and that it wasn't a "big deal," with "no environmental impact."

International arms trader

Mills' congressional campaign played up Pacem's contracts with local law enforcement, claiming that the "liberal media is crying" about the company supplying tear gas that was used against racial-justice protesters. These contracts with local law enforcement represent the bulk of Pacem's client volume, Mills told Insider.

But a review of Pacem's contracts suggests its dealings with law enforcement are relatively small-dollar. The company sold roughly \$1.3 million worth of tear gas to police departments from 2018 to mid-2021, it reported to a congressional oversight committee. The company sells other products to police departments, like flash bangs, that Congress didn't ask about.

The size of those hundreds of tear-gas transactions pales in comparison with just one foreign arms deal identified by Insider.

A Marine Corps Lance corporal carries 40 mm grenades of the type manufactured by Pacem. Cpl. Victoria Ross/US Department of Defense

In 2015, Pacem, in partnership with the UK weapons dealer Chemring, signed a contract with the Iraqi government worth \$228 million. The deal would have represented nearly 2.5% of the country's entire military expenditures that year, according to data from the Stockholm International Peace Research Institute, which tracks military spending.

Mills said Pacem never received the full value of the contract, which he said was intended to provide "certain types of support in launching counteroffensives against ISIS to drive them out of Iraq." The Islamic State militant group was pushed out of key Iraqi cities before the contract was supposed to close, according to Mills.

In 2016, an Iraqi auditing agency raised questions about whether it had overpaid for Pacem's services. Iraq's interior ministry "accepted the pricing and the specs supplied by the company for the product, without forming a technical committee, or asking any of the official trusted consultants to write up specs and details of pricing that are up to date before moving forward to the contract procedure," Iraq's Federal Board of Supreme Audit wrote. Mills said the contracting process was above-board and overseen in part by the US Department of Defense.

Pacem's overseas presence extends past the Iraq deal. The company has an office in Dubai, and in 2015 it also had offices in Islamabad and Kabul, according to an archived version of Pacem's website. Mills' wife, Rana, who is described on Pacem's website as the company's executive chairwoman, is the CEO of another Dubai-based company, Abdeen DMCC, according to her LinkedIn page. It's not clear what Abdeen does, and Rana did not respond to questions about Pacem's ownership or Abdeen DMCC.

On its website, Pacem says it is "registered" to "legally work" in Afghanistan, Pakistan, Kurdistan, Iraq, Ukraine, Kenya, Somaliland, Nigeria, the Democratic Republic of Congo, Brazil, Malaysia, and Dubai. Pacem appeared at the 2019 Saudi National Security and Risk Prevention Expo, an arms and defense sales convention, and the same year was an exhibitor at IDEX, a massive five-day weapons show in Abu Dhabi.

Pacem appears to have invested in the Amtec facility at least in part to manufacture weapons for sale abroad, not at home. Mills wrote to a federal regulator in 2019 that he had upgraded Pacem's munitions plant to "manufacture a new energetic product that will serve our allies around the world."

Before Pacem bought Amtec, Amtec had delivered on contracts for ammunition worth about \$5.6 million with federal agencies, including the Defense Department and Bureau of Prisons. Since the acquisition closed in 2018, Pacem has delivered only \$314,110 worth of munitions and consulting services to the US government, according to a federal contracting database. Some federal contracts are classified and may not be disclosed.

In Congress, Mills sits on the House Foreign Affairs and Armed Services committees, which oversee military spending and foreign weapons sales.

Mills' oversight role "could have a huge impact on his business, his competitors writ large," Sherman said. But as it stands, there is no requirement for him to reveal the extent of his dealings with foreign governments.

The arms dealer in Congress

Mills leaned heavily on his endorsement from former President Donald Trump during his congressional campaign. Echoing Trump's election denial and anti-immigrant views, he voiced support for a temporary ban on

immigration to the United States and told the Orlando Sentinel that he didn't view the Biden administration as legitimate.

In Congress, Mills has sought to position himself as someone who understands American involvement in foreign conflicts from the ground up and align himself with Republicans who are skeptical of US military involvement abroad. He has excoriated the Biden administration for what he's described as its botched withdrawal from Afghanistan, and he's opposed additional American aid to Ukraine.

Before he was even sworn in, Mills appeared alongside Reps. Marjorie Taylor Greene and Matt Gaetz at a December 2022 press conference touting a resolution to audit US funding for the war in Ukraine.

"We should not go around thinking that we're always the world's police, and have the answers," Mills said at the press conference, warning of the potential for "nuclear escalation" in Ukraine and an "axis of evil" between Russia, China and Iran.

Mills also recently voted for an ill-fated resolution sponsored by Gaetz that would've ordered President Joe Biden to withdraw US troops from Syria, joining a coalition of intervention-skeptical Republicans and progressives.

He's also waded into the culture wars, introducing a bill aimed at preventing the supposed distribution of sexual material in schools.

But so far, months into his freshman term, he's still best known for his grenades.

Editor's note: March 23, 2023 — This story has been updated to remove a reference to Pacem's rubber bullets being used against protesters in Hong Kong in 2019. While a company that Pacem acquired in 2018 did supply less-lethal munitions to the Hong Kong government, Pacem said the sales took place before the acquisition. It has also been updated to include a comment from Pacem's chief legal officer, Joseph Schmitz, clarifying Pacem's current ownership. While Mills told Insider that he had divested from Pacem and Schmitz indicated that Mills was no longer the company's owner, after this story was published Schmitz clarified that he intended to say only that it would be

inaccurate to describe Mills as the sole owner of Pacem Defense and Pacem Solutions.

Editor's note: March 28, 2023 — *This article has been updated to reflect that Pacem Solutions removed the page that listed Mills as an executive chair following publication.*

Attachment to ELECTIONS FRAUD COMPLAINT DS-DE #34 (rev. 07/2016) filed on Cory Mills Updated 6 September 2023

ELECTION FRAUD COMPLAINT

ADDITIONAL EVIDENCE OF OUT OF STATE RESIDENT COMMITTING FRAUD IN FLORIDA

Registering to vote in three different counties, filing forms to run for Florida Office and voting twice in Florida Elections while maintaining his primary residence in McClean, Virginia

This additional information shows that Cory Mills documented in his own Public Records filings in Virginia that he was a resident of Virginia during the time he was falsely portraying that he lived in Florida. Even after he was elected, he still claimed his residence as 1198 Windrock Drive, McLean, Virginia.

This information is just a part of more concrete evidence that Mills was a resident of Virginia.

As previously submitted, Mills filed official documents with the Department of State Corporations Commission that he was a resident of Virginia thru out the time he was registered to vote in Florida and he filed paperwork with the Florida Elections Office in 2022, and just 6 days after he was elected, he filed documents with the Commonwealth of Virginia that he was a Virginia resident in November 2022.

SUPPLEMENTAL INFORMATION

According to the Clerk of the Circuit Court of Fairfax, Virginia, the following official documents are recorded in the Public Records of Fairfax County, Virginia, that show that Cory Mills himself signed under oath that he was a resident of Virginia.

On March 23, 2021, Mills used a DMV in Jacksonville, Florida to change his voter registration to vote in Florida, and claimed he lived at 973 Wilma Ave, Winter Park, Florida. (See News Articles attached on arrest of a politician in Alabama trying to do the same)

On April 1, 2021, Mills filed documentation with the Federal Elections Commission that he was running for Congress in Florida.

On May 7, 2021, Mills filed his first Congressional Financial Disclosure Report with the Clerk of the U.S. House of Representatives.

On June 1, 2021, Mills signed a Credit Line Deed of Trust recorded in Deed Book 27144, Page 0255 of Fairfax County, Virginia. Included in the language of the recording is the following Statement that Cory Mills under oath and signed by a notary of the State of Virginia: ***...” is dated as of May 28, 2021 from CORY MILLS, a resident of Mclean, Virginia and RANA Al SAADI, a resident of McLean, Virginia with their primary residence at 1198 Windrock Drive, McLean, Virginia, 22102 individually and collectively, jointly and severally. “*** (

See (EXHIBIT 27 – Fairfax County, Virginia Records)

Attachment to ELECTIONS FRAUD COMPLAINT DS-DE #34 (rev. 07/2016) filed on Cory Mills Updated 6 September 2023
 On 15 June 2021, a Virginia attorney filed a Correction Affidavit of Description Error, and included in the filing was the statement: **...*"Cory MILLS and Rana Al SAADI (grantees), whose addresses are 1198 Windrock Drive, McLean, Virginia."***

See (EXHIBIT 28 – Fairfax County, Virginia Records)

On October 11, 2021 Mills re filed the Credit line Deed of Trust in Fairfax County, Virginia saying the same statement: ***"..... is dated as of May 28, 2021 from CORY MILLS, a resident of Mclean, Virginia and RANA Al SAADI, a resident of McLean, Virginia with their primary residence at 1198 Windrock Drive, McLean, Virginia, 22102 individually and collectively, jointly and severally. "***

See (EXHIBIT 29 – Fairfax County, Virginia Records)

On February 16, 2022, The Credit Line Deed of Trust was re adjusted. And loan credit extended.

On February 6, 2023, Mills and Alsaadi signed a QUITCLAIM DEED and it was recorded with the Fairfax County Clerk of the Court, Fairfax, Virginia, and included the following signed and notarized statement: ***"...This DEED made and entered into on this 1st day of February 2023, by and between Cory Mills and Rana Al Saadi, as tenants by the entirety with common law right of survivorship, residing at 1198 Windrock Drive, West McLean, VA, 22102 hereafter referred to as Grantor(s) and 1198 Windrock LLC, located at 2942 Fairview Park Drive, Suite 350, Falls Church, VA 22042, hereinafter referred to as Grantee(s). "***

See (EXHIBIT 30 – Fairfax County, Virginia Records)

This additional information is being provided to show that Cory Mills is in fact a Virginia resident during his campaign, and continued to file official records with the Fairfax County Authorities that he was residing in Virginia.

See News Articles on a similar case in Alabama, this past month where a elected State Representative was pretending to live with a friend, then rent a apartment, etc., but still lived at his out of District home.

(EXHIBITS 31 and 32 - Kyle Whitmore re State Rep David Cole)

Cory Mills was without a doubt doing the same thing From March 2021 thru June 2023. Cory Mills and his family were living in Virginia, while Cory was pretending to live in places in Florida. Irrefutable documentation filed in official Virginia shows the real truth about what Mills was intentionally doing.

ILLEGALLY VOTING IN THE STATE OF FLORIDA

- Volusia county, Florida, by a Virginia resident. Illegally voting in a Florida Election while residing in Virginia. Dates of Incidents 23 August 2022 and November 8, 2022 election

These allegations of violating Florida Elections by this out of State Resident impacted the Counties of Duval, Orange, Leon, and Volusia and the State of Florida to willfully and intentionally file documents when he knew at the time that he was filing them that they were made under false pretenses. In doing so he has greatly damaged the citizens and voters of the State of Florida and especially in the counties where he filed them. While at the same time he was perpetrating these acts in various locations in Florida, he was also reporting to The Commonwealth of Virginia that he was a resident of Virginia telling the State Corporate Commission on record that he was and doing the same with tax authorities.

FACTUAL BACKGROUND AND EVENTS

On March 23, 2021 - Cory Mills, whose address of record is 1198 Windrock Dr, McLean, Virginia, showed up at a Division of Motor Vehicles (DMV) location in Duval County, Florida and registered to vote. **Exhibit 1 - Orange County Supervisor of Elections Voter Audit report.** At the time he had no record of ever voting in Florida. Mills told the Tax Collector official at the DMV that he lived at 973 Wilma Ave., Winter Park, Florida. He was given a voter ID number for that specific address. (Note that an additional Records request is pending for a copy of forms, evidence, and/ or digital copy of his memorialized application to register to vote using the address at 973 Wilma Ave., Winter Park, Florida). At the time of his registration, he was still residing in McLean, Virginia and did so continuously thru June 22, 2023. Mills

knew at the time that he resided in Virginia. The tiny Winter Park home that Mills was claiming as his residence was actually owned and occupied by the owners (2 adults and 5 small children) at the time and still remains occupied by them. The home is 1000 square feet in living area, 3 small bedrooms and a tiny half bath and a small hallway bathroom. The home is currently listed for sale. **Exhibit 2 - <https://www.remax.com/fl/winter-park/home-details/973-wilma-ave-winter-park-fl-32789/5314892532536895313/M00000146/O6125742?gallery=true>**.

Interior pictures are available for the public to see. **Exhibit 3 – Pictures of the 973 home published on line.** The owners of the home lived in 1 of the 3 bedrooms and the 5 small children slept in the other 2 bedrooms. Pictures show the living arrangements of the family. The owners claimed the home was occupied from 2017 thru August 2023 and it was not used as a rental property. So, if Cory Mills lived there as a resident, was he a roommate? Did he pay rent? What evidence did he provide the DMV in Duval County, Jacksonville? The Tax Collector of Duval County was told by Mills that he resided there and the SOE of Orange County Florida was notified of his Voter registration using the property. See Orange County SOE Audit Report (**Exhibit 1**) that he did register to vote using the home. on March 23, 2021. Mills 's spouse and her two children continuously resided at 1198 Windrock Dr, McLean, Virginia home. **Exhibit 4 – Mills residence 1198 Windrock Dr., McLean, Virginia, Fairfax County.gov.** Mills also told a Associated Press reporter in 2022 the that he lived at both places and spent 70 percent of his time in Florida. Mills told a Politico reporter that he moved to Florida. Mills deliberately knew that he did not reside at the 973 Wilma Ave, Winter Park address. It's obvious that Derick and Vanessa Agustin resided in the small home with their daughters and sons as the bedroom pictures show. The Agustins had the carport enclosed (200 sq feet) without a permit to use as a playroom for the 5 kids and a back yard filled with playground equipment for small children. Mills has no record of registering any vehicles at the Agustin home. No record of paying utility bills at the home. **Exhibit 5 - Winter Park City Utilities.** Mills two sons (ages 16 and 6 at the time) who live in Virginia did not attend any schools in Florida or nearby. From 2017 thru 2023 the Agustins resided at the home according to Tax data sent to the mortgage company. **Exhibit 6 – Orange County, Tax Collector, 973 Wilma Ave, Winter Park, FL.** Mills is on a video with a voter taken in June (July) 2022 stating that he rented the house to the Agustins. **Exhibit 7 – Video clip at Minute 4:51 – 4: 59 of Mills about Winter Park house**

	PP	<i>Then why are you renting the one in Winter Park from a Democrat?</i>
4:54	Mills	<i>I am not Renting from a Democrat!!</i>
	Mills	<i>That's my buddy I was fucking renting the house to him on. He's inside right now, bro.</i>
	Mills	<i>He's fuckin sitting inside right now!!</i>
	PP	<i>Everything you said...</i>
5:02	Mills	<i>So you tell me I am not from Florida</i>

Mills knew that when he made the campaign statement that he was making a false statement to the voters. Mills was

using the Agustin residence to pretend he lived in Florida and that he was a registered Republican there and registered voter there for a year in order to qualify to run for a Florida Office. Mills was (is) also paying Augustin from his campaign.

March 2022 - After one year (March 23, 2021 thru March 2022) it was sometime during the Months of February thru April 2022 that Mills was claiming that he was living in a high-rise building located at 280 S Osceola Ave., Orlando, Florida. However, he never changed his voter registration address to the Orlando location. And he never gave a specific unit number. Mills used the building location at 260 N. Osceola Ave, Orlando, Florida location without specifying an actual address inside the multi residential multi story building. Mills deliberately and with knowing intent left off a specific address of a unit he is alleged to have been staying at on three documents he submitted to the FEC, SOE and to the Florida Elections Office. He used the high-rise location as his official address when he gave donations to another candidate using the building location address. **Exhibit 8 - FEC report extract, 2nd Quarter 2022 for Laura Loomer.** When Mills reported the address on the FEC Donation, he deliberately knew that at the time that he did not reside in the high rise. He did not bother to identify a specific Apartment address within the building. Mills and his spouse and her 2 children still resided in Virginia. Travel history will confirm the allegations.

April 2022 - Mills signed another Candidates petition to get on the ballot. That petition was forwarded to the Orange Supervisor of Elections Office for verification of Mills registered voter information. The petition was rejected for an invalid address on May 11, 2021. **Exhibit 1 - Orange County Supervisor of Elections Office Audit Report.** The Supervisor of Elections (SOE) officials sent a letter to the address Mills used on the petition to verify his actual address. The U.S. Postal Service sent the undeliverable letter back to the SOE. **Exhibit 9 - Returned SOE letter stamped undeliverable addressed to Cory Mills.** See date on returned letter of May 16, 2021.

June 01, 2022 - Just days before the State filing deadlines for qualifying for office, Mills signed and had notarized his Florida Candidate Oath form. **Exhibit 10 – Florida Candidate Oath signed and notarized in Orange County Florida - Cory Mills.** Mills used the entire high rise building location as his Florida residence. Mills never specified a specific address in the multi-story high rise that has over 100 different owners and residents. **Exhibit 11 – 260 S. Osceola Ave, Orlando, Florida.** Mills deliberately left off a specific address on the official Florida form. In addition to that deliberate act another item was penned on the Candidates Oath form that was not correct. Cory Mills used a voter ID number for another address which was false. That Voter ID was assigned to the address where the Augustin's resided at on 973 Wilma Ave., Winter Park, Florida. The Orange County Supervisor of Elections Office had already rejected the Cory Mills Candidate petition he signed with the false information on it just a few weeks earlier. Now the State of Florida Elections office must do the same, now knowing that the Official Notarized State Elections Form that was submitted by Mills contained fraudulent information.

June 10, 2022 - Cory Mills hired and used the Coates Law Firm in Tallahassee, Florida in Leon county to submit the Candidate Oath of Office to the State of Florida Elections Office. The Form contained false and incomplete information.

Exhibit 12 - Cover Letter Coates Law Firm with the Mills Oath attached.

June 27, 2022 - Within days after Mills submitted the Candidate Oath Form, he changed his voter registration address to a Vacation rental property being rented out and managed by Ocean Properties Management. **Exhibit 13 – Excerpt and audit report for Cory Mills, Volusia County, Florida.** The property was and is still own by Fred and Maureen Adams of Thonotosassa, Florida. **See Exhibit 14 - Tax notice sent to owners Adams.** The vacation Rental Property Management company advertises the monthly rental on the web and has colorful brochures about it available for vacation rentals.

Exhibit 15 – 2110 Ocean Drive, New Smyrna Beach Vacation Rental Brochure. There also is a video of the rental. SEE LINK https://youtu.be/-_87tZxXplk. Mills used this address as his new voter registration address on June 27, 2022. The House is completely furnished including towels, wash clothes, toilet paper, toys, etc. A prospective renter was quoted \$16,000 a month to rent the 28-day minimum rental property in December 2022. **Exhibit 16 - Rental quote, 2110 Ocean Drive, vacation rental.**

July 25, 2022 – On the last day to register to vote for the Florida primary, Mills spouse decided to use the same vacation rental property address as her residence too. **Exhibit 17 - Volusia County Supervisor of Elections Office Voter audit report.** There is no record of vehicles registered by Mills or his Spouse at the rental property. The Mills family still resided in Virginia according to Corporation Records filed on the State of Virginia websites **Exhibit 18 – Virginia State Corporation Commission filings from 2015 thru November 2022 (and later).** Travel records show the travel back and forth. Mills is on video stating that he bought a house in New Smyrna. **Exhibit 19 – Video Clip 4:47 – 4:52 June 2022 while campaigning.**

4:47	PP	<i>Your only here one day a week, because your in Virginia</i>
4:49	Mills	<i>That's why I just bought a new house in New Smyrna</i>
	PP	<i>Oh yeah</i>

There is no such purchase record filed in Volusia County Property records in existence. The 2110 Ocean Drive house is still owned by the Adams family of Thonotosassa, Florida. Mills was claiming that he resided at the Vacation Rental in late June 2022. Mills did not “move into the house”. There is no evidence that Mills moved his furniture, clothes, and vehicles to the property. His vehicles are still registered in Virginia. Mills stated to a voter that he left his multi-million dollar mansion because he lost his job with the Trump Administration. Its obvious that Mills never left the 1198

Windrock Dr home in 2022. **Exhibit 20 -See Video Excerpt July 2022 made during campaign. 10:26 – 10:34**

10:26	PP	<i>... what are doing living here with leaving your fucking millionaire mansion?</i>
10:28	Mills	<i>Because I fuckin left there after I lost my job with the Trump administration after Biden stole the election</i>
	PP	<i>Oh Oh.. it's up for sale right?</i>
	Mills	<i>Yeah, yes it is</i>
10:34	Mills	<i>Home up for sale for 3 fuckin years</i>

23 August 2022 - The primary election was held a month later, August 23, 2022. Mills and his spouse rode to the polls together in a rental vehicle. A recorded video was made of the event.

08 November 2022 - The General election was held on November 8th, 2022. During the entire time between Mills first act of registering to vote in Florida on March 23, 2021 thru the general election Cory Mills maintained his residence and his official residency in Mclean, Virginia. Mills voted in Volusia County, Florida, knowing that he resided in McLean, Virginia. During the entire period Mills continuously let the Virginia State Corporation Commission (SCC) know that he remained a Virginia resident in order to continue to be the official Registered Agent under Virginia law for his LLC. **See Exhibit 21 – Virginia SCC Filings, Pacem Solutions International LLC and Pacem Defense LLC from 2015 thru December 2022.** Mills knew that he was living in Virginia officially during the time he was filing documents and making statements in Florida as described in the afore mentioned facts.

15 November 2022 – Just 6 days after the Florida Elections, Mills solidified his Virginia residency again by filing new Articles with the Virginia Corporations Commission for another Virginia LLC and he stated he was in deed a Virginia resident in order to qualify as the Virginia State Registered Agent for yet another LLC. **Exhibit 22 – Virginia State Corporations Commission filing for 1198 Windrock LLC.** Mills continuously resided at the home with his spouse at 1198 Windrock Dr, Mclean, Virginia from September 2017 thru 2022. They took out Home Equity loans in 2021 and in 2022 and another one just recently in February 2023. **See Exhibit 23 – Record of Fairfax County, Virginia Clerk of Court Records for Property 1198 Windrock Dr, McLean, Virginia.** Also **See Link - propertyiq.com.** A review of loan applications made for the Virginia loans will show what Mills and his spouse claimed as their primary residence. Virginia State and Federal Tax filings and other government agencies in Virginia can provide evidence of what Cory Mills was Doing regarding his residence in Virginia.

February 10, 2023 – Mills and his spouse did a Quit Claim Deed on their Virginia home to the Mills 1198 Windrock LLC and took out a \$2 million Home Equity loan with Wilshire Quinn Income Fund LLC at the same time on the property.

See Exhibit 24 – Fairfax County Records. APN# 019-4-21-0010, Document # 0005694.001 Instrument# 20213005694.001 . See Exhibit 25 - Loans filed in the Fairfax County records in 2021 and 2022.

ADDITIONAL INFORMATION ON THE PERSON WHO COMMITTED VOTER FRAUD in 2021 and 2022

Mills has several incidents of not paying his federal taxes resulting in 5 separate IRS liens against him (ranging from \$10,000 to \$592,290). He also has been caught lying on multitudes of other issues, i.e., about Graduating from High School, Stolen Valor, claiming he lost his job working for President Trump, pretended he worked for Federal Agencies, etc. Its obvious that he continued to lie to voters about purchasing a house in New Smyrna, and renting the house to his buddy in Winter Park. **See Exhibit 25 - Timeline of Virginia Residency Documentation filed and Florida incidents.**

REQUEST THAT THESE ALLEGATIONS BE FULLY INVESTIGATED AND CHARGES BROUGHT FOR THESE VIOLATIONS

It is obvious that Mills kept his residence in Virginia. He committed offenses when he claimed he lived at 973 Wilma Ave, Winter Park, Fl. He committed fraud when he signed a Petition that contained a false address in Orlando. He committed fraud when he put on his candidate donation FEC report that he gave money to Laura Loomer from an incorrect address in Orlando. He committed fraud when he knew he was only renting a vacation home in New Smyrna Beach and lied to voters when he said he purchased it. He Committed fraud when he had a driver bring him to the polls in New Smyrna Beach in a rental vehicle and voted. He knew that when he returned to Virginia just 6 days after the elections, he notified the Virginia Authorities that he was a Virginia Resident. Mills knew what he was doing when he committed these acts. I request that these allegations be fully investigated and that Mills be charged for these numerous acts of fraud. Request that a Grand Jury be put together to further investigate these crimes.

I hereby affirm that the evidence in this complaint is factual to the best of my knowledge.
